# THE PLATTSBURG STUDENT

The Plattsburgh Student comes in many forms. He may appear in his fraternity sweatshirt an ivy league shirt, or love beads and bells. Appearance is often deceptive, the student who appears to be involved, can be the most apathetic of all. The straight individual may be the most involved. The Plattsburgh student is undergoing a long needed awakening. He is becoming

more involved with what is happening on his campus, his country, and his world. The Plattsburgh student comes from the lower, middle, upper, classes. The education he receives is not only a result from class-room learning. He learns an understanding of people and of life's processes. The student here is not strongly orientated to his class or alma mater, he has his own

individuality and lives it. Despite the differences, Plattsburgh students hold many things in common, their classes, hangouts, and college pressures; one bond that holds the student body together is the fact, that they are all Plattsburgh students.

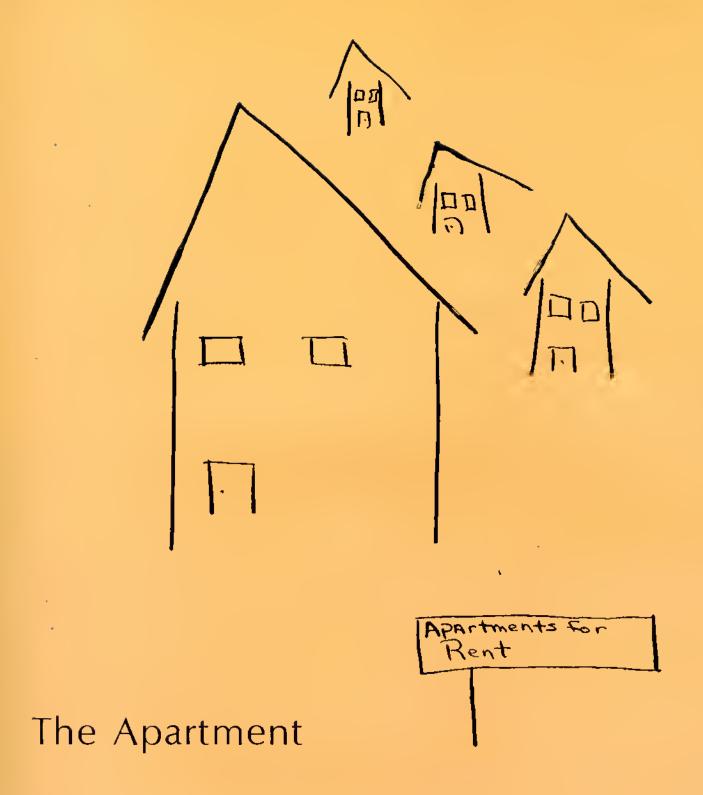

# 

The Apartments in Plattsburgh are either located far from campus or are in less than desirable conditions. In order to free oneself from the dorm living, and the dining hall lines, the student must put up with cleaning, shopping and his own cooking

# RELAX-ATION

Playing football in front of Kent Hall, drinking at the Pub, or sitting by the pond, are means to relax, to get away from the pressure of college study. Relaxation may mean being involved in college politics, dorm life or publications. To others it may mean reading a book, taking a walk or sleeping the day away. Each student finds his own way to relax, and takes time to do it.

# Love

Two people meet and come together. They wander through classes, parties, quiet moments, which fill the year. They sit by the fountain in the fall, walk down a snowy street in the winter, and in the spring sit in the warm evening. They do many things which are expected of people in love. They share, they grow, and become apart of each other. They understand, and learn about people through their own relationship. After graduation they may be separated or may remain together. In either case, were together here, a freedom that will never be the same.

### Tension

Papers due, and exams back to back lead the Plattsburgh student to a degree of tension. The frustrations over a noisy roommate or a dreary day can add to a student's tension. Tension builds, until May, when it all disappears for the summer.

# DRUGS

By this time it's become an open secret that there are drugs on this campus. Perhaps the most important fact is that drugs are not confined to just one type of student. Most people commonly believe that only the long haired, unkempt student is involved with drugs; they would be surprised to find some drugs, particularly marijuana are more common among the straighter circles than anywhere else,

Student Rights

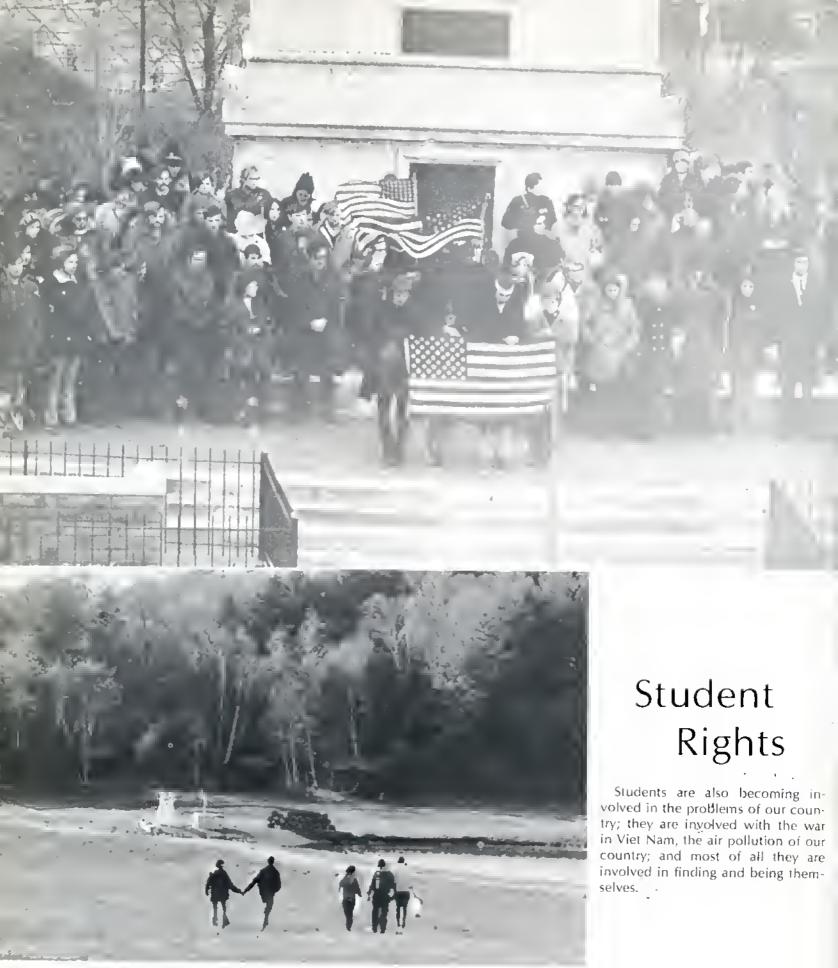

# Student Rights

The Plattsburgh student is no longer ready to accept everything the administration throws at him. Instead the student is working toward furthering his rights. But a new phase has entered upon the scene, the student working with, not only against the administration.

Individuals alone and together; each doing what they know the best . . .

living!!

## Students

### Security Police At Plattsburgh State University College

The Campus security police are very familiar to students who park illegally on campus. Tickets mount; fines accumulate!!!

But . . . the campus security police do serve an important function on campus. They serve as an ambulance service, let students in and out of dorms etc. Yes, our security police are an important part of our campus.

# THE STUDENT ASSOCIATION

Who did kill the PSUC Student Association?-And how? And why?

Was it the Administration, with misunderstanding and disinterest, creating a lack of communication? Was it the apathetic opinion of the students, and their failure to become involved. Was it the Student Association itself, so concerned and involved with back stabbing and arguments, that all co-operation failed, and ended in a stalemate. And finally killing itself? Who was it that caused the Senate to lose it's effectiveness, and to forget to respond to the student's

wishes. Who was it that gave the Finance Board the power to remove officials? Who was it that gave the Executive Council the power to legislate. Who was it?

But now the Student Association IS responding. They are beginning to work together with themselves, with the students, and with the administration. The Student Association is supported financially by the students, for the students. The S.A. regulates and sponsors students activities. The S.A. at Plattsburgh State is not perfect and never will be. IT is only what the Plattsburgh students make it.

### Richard Schnell

is the President of the 7th legislation. For the first time Plattsburgh has a President dedicated to the furthering of the academics on campus. President Schnell has had an eventful legislation, with many a crisis. March sees the end of the 7th legislation; leaving behind the policies President Schnell has accomplished and begun.

# THE SENATE

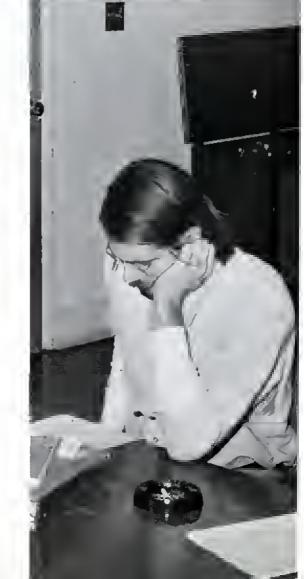

### The Senate

is lead by 1st Vice President George Weiner. The seventh legislation has seen the elections, resignations, and appointments of many senators. The Senate has been the total point of many campus and community issues. It has tried to serve the campus and to respond to the needs and wishes of the PSUC student.

The Senators are:
Hope Blumenthal
Lawrence Busino
Daniel Olson
Margo Thomas
Jeffrey Selchick — Speaker Pro tem
Nicholas Kounovsky
Robert Seigel
Eunice Holt

Many factors determine the maturity
Of one individual,
Friends, teachers, the success and futility
Of many endeavors.
Ultimately, the individual himself is
His own creator.
His creations and his deeds are proof
Of his humanity.
Finally, maturity is reached and a small
Piece of humanity emerges.
A group of individuals together with divergent goals —
A graduating class.

Yearbooks try to reflect the college students. life; and all the forces on his campus, in his country, and in his world that affect his life. The college student is a special breed of person, involved in many things.

The 1970 Cardinal has tried to devote its attention to the Plattsburgh student, and the forces that affect him. We hope that you will enjoy having the 1970 Cardinal as much as we have enjoyed presenting it to you, and that it will be as meaningful to you as it is to us.

The Editors,

Hope Benton, Kenneth J. Keegan
